## YOUNG MAN IS CAUGHT IN CRANE

Lott Fisher, aged about 23 years, of near Donora, was killed at Donora this morning shortly after 12 o'clock by being caught by a crane.

The young man was employed as an electrician. It is said there was a misunderstanding and when he was on a crane it was started, with the result that he was caught and crushed to death.

Fisher lived with his parents, Mr. and Mrs. A. J. Fisher of Carroll township. He was a brother of Mrs. Holman R. Horn, and nephew of I. N. Kibler of North Charleroi. The body was taken to the Rabe Undertaking rooms in Donora and was to be removed to the home later. He was a well known and popular young man.

## CHARLEROI MAN VIEWS STRIKE IN PHILADELPHIA

William H. Atkins of Berryman's store, who was in New York city this week with John D. Berryman, arranging for the installment of a men's furnishing department in the Berryman store, has returned. Mr. Atkins passed through Philadelphia, and noted the trouble caused by the strike there. He was in the city for part of a day, and what proved to be the worst day, and viewed considerable of the rioting. Mr. Atkins in telling of his experience said:

"When I arrived from New York city at Broad street station, things looked comparatively quiet. Of course I had read of the strike, but took my chances and boarded a car to ride down Market street to a store where I had some business to transact. There was a policeman on each end of the car. Rounding the public building on Market street, we came upon a mob. There was another man in the car with me, and we got off immediately at Eleventh street. The car went on and at Tenth street every window in it was broken, and it was practically destroyed; the mobmen, conductor and policemen being chased away. To get to the store I had to walk several blocks, and in going there and returning meant a walk of nearly twenty blocks. Later on, while standing watching the rioters in their depredations, I heard shots, learning some time after of the shooting of a boy farther down the street. The policemen could not do anything to check the mob, being a mere handful compared with them. During the strike the stores are doing very little business and suffering is noted on every hand."

## WEATHER MAN SAYS WARMER AFTER TIME OF SEVERE WINTER

This section has been visited during the past two days with some of the coldest weather of the winter, and this morning the thermometer registered nearly as low as it has at any previous period. The official temperature at Lock No. 4 this morning was 10 degrees. On the hill sections however, the mercury crept down to within three of zero. Warmer weather is predicted to follow. At noon today the temperature was about 20 above. In the northern part of the State the thermometer has been doing business down about 12 degrees below all along, and has on many occasions went considerably lower than even that.

**Looking for Games.**  
The Vesta Jr., Baseball club is booking games with all 17 and 18 year old teams in the valley when the season opens. The team is one of the fastest in this section. Games desired with uniformed teams. Address: Sili Sweeney, Vesta Ball Club, Allentown, Pa.

**Game Called Off.**  
The game to have been played at the Charleroi rink tonight between the Charleroi Colonials and the Washington Collegians was called off this morning by the manager of the Collegians, who in a telegram to Manager Lance Riggs of the Colonials stated that he could not get enough players together.

**Dessing Pleads Guilty.**  
John Dessing of Charleroi pleaded guilty to surety of the peace at court yesterday. He came home drunk and threatened to kill his wife, Alice Dessing, who had him arrested. As John was penitent the court let him off on payment of the costs.

## INDIVIDUAL EARNINGS MAY COME TO \$125 A WEEK

Chance Opened to Mail and Mirror Contestants That Comes Seldom to Anyone.

**STRIKE WHILE THE IRON IS HOT.**  
But keep the iron hot by striking. It is a time worn adage, containing more truth than poetry, which should be observed by the contestants in the Charleroi Mail and Mirror Great \$1,000 Prize Contest.

The interest in this big contest is becoming more intense each day. Each day many readers of the Mail and Mirror discovered they have a favorite candidate in the contest. Each day more and more friends are becoming interested in the race being made by the various contestants.

**IRON IS HOT.**  
The time is "ripe" for results now. The iron is hot. The contestants should lose no time in "striking" their friends and acquaintances for subscriptions and votes. Everybody in Charleroi and vicinity are willing to help the candidates secure one of the beautiful prizes that will be given away on March 26. But in order to get this assistance, which is there for the taking, the candidates must let their friends know they want it. People are glad to help those that help themselves. If a candidate wishes the "golden apple" they must pick it themselves. And now is the time.

The great special vote offer which is now on will end tomorrow night at 10 p. m. 40,000 with every \$25 turned in, and then those three "com-

## POPULAR CHARLEROI GIRL WNS DONORA MAN

Miss Anna Mary Carnahan, the daughter of Mr. and Mrs. Robert Carnahan of Charleroi, and John W. James of Donora were married last evening by Rev. A. M. Doak at his residence on Lincoln avenue. The ceremony was performed at 7:30 o'clock being a very quiet affair. The couple left later on a wedding trip and upon their return will for the present take up their residence with the bride's parents.

The bride is a well known young lady of Charleroi and popular among a large circle of acquaintances. The groom is also quite well known here, as well as in Donora.

**Brewery Will Appeal.**  
The Star Brewing company of Washington will take an appeal from the findings of Judge McIlwaine at the recent license court, in which five breweries were refused license. All the other breweries withdrew their applications for license in order to take out a State license. The time granted for this action by the county court expired yesterday.

**Alleged Graft Exposures.**  
Exposures of alleged graft by the poor directors of Greene county have stirred up the people of that county in a manner almost equal to the late failure of the Farmers and Drovers bank. The expose was first made public by the Washington Record, and the taxpayers are said to be aroused in a high pitch of indignation.

**Held for Court.**  
Enough evidence was brought out against Louis Jones and Bruce Stetler, charged with selling liquor illegally at the West Chestnut street restaurant in Washington to warrant holding them for court. Each was held in the sum of \$500. Both waived a hearing of the additional charge of conducting a gambling house.

**Notice to the Public**  
According to our court's ruling we have discontinued solicitors. All persons wishing beer, will call at the Charleroi Brewery, or send order and money by mail, and the order will be promptly delivered.

Independent Brewing Co., Pittsburgh, Charleroi Brewery. 155tf

**Big School Enrollment.**

The enrollment of the public schools of Washington for the past month was 3,054.

petitive ballots." One good for 100,000 another good for 75,000 and a third good for 50,000 votes. They will be awarded to the ones turning in the most cash.

**YOU CAN EARN \$125.00 A WEEK.**  
Have you thought of this? That during the remaining four weeks of the contest you can earn just \$125.00 a week for yours-elf. That would be pretty nice. Don't you think? Well, you can, if you work. And if you will start out today and call on your friends you will be surprised to see how willingly they will give you their subscription for either the Mail or Mirror. Try it. You can win, if you stick to it.

If you were to win the First Grand Prize in this Great Prize Contest on March 26, you would be earning for yourself just \$125.00 a week; if you were to win the \$400.00 Boston Piano, you would be earning just an even one hundred dollar William. (after the contest is over be able to call him Bill) and then those watches, they are not so valuable, but if you only send your spare time they are certainly worth that. Why haven't you thought of this before? Because you are timid.

Hop to it and get a red nose. The weather is fine, and the people are all in the best of humor; they will help, if you will ask.

## FIVE BIG ACTS FOR COYLE EACH NIGHT

When the Coyle theatre opens its doors next Monday evening local amusement lovers will have an opportunity of seeing probably the best vaudeville show ever seen in this town, and incidentally the Independants will have added another link to their immense chain of high class family theatres.

Prominent among the artists who will appear at the first half of the week are the Omega Trio, who come direct from Orpheum theatre at Cleveland to play this engagement. It is doubtful if any act in vaudeville can eclipse this popular trio in the matter of mirth provoking propensities. Steppe and Salador, a very clever team of singing and talking comedians will present their oddity "Rosenbaum the Soldier." Blanche Mead and her famous collie dog Sparkle and Logan Williams, the well known monologue comedian and the Bartells will also appear. The last named is a team of exceptionally clever English equilibrists and are said to have no equals in their particular line.

The bill for the second half is equally good if one can judge by the prominence of some of the artists. The York-Herbert Trio are the headliners, though there are several acts in the program that could be considered features for any program. This is notably so in the case of Arthur and Jeannette, the well known pantomimic duo. Miss Pearl Evans, the musical comedy star, is another instance. The balance of the program is equally good.

If these are the kind of shows the independants are going to give Charleroi it is safe to assume that they will duplicate the success they have made in other cities.

The opening performance will take place next Monday evening. The price of admission will be ten cents. Three shows will be given each day at 2:30, 7:30 and 9 p. m.

**Boxing.**

One of the most popular glove contests ever held in the Monongahela valley will be between Digger Stanley of Pittsburgh and Eddie Kelley of Philadelphia, on Saturday evening, February 26, at Taggart's Hall, Belle Vernon, Pa., for the feather weight championship of Western Pennsylvania. This contest will be staged by the Keystone Athletic Club. There will be stirring preliminaries by well known boxers. All bouts will be six rounds. Bill Phillips, the popular manager of the Wheeling baseball team of the Central League, will referee all bouts. Show starts at 8:30 p. m. 162tf

## NORTH CHARLEROI FIREMEN ENJOY ANNUAL BANQUET

The North Charleroi Volunteer Fire Department held its second annual banquet and installed the newly elected officers last night. The banquet was a most successful affair, being attended by about 50 members of the department and their friends.

The toastmaster was James Hagerty, and he carried through his part in noteworthy style. Special splendid toasts were said, and the work done by the fire department in the past was called to mind. North Charleroi boasts of a fire department, the like of which few boroughs in the country has, and is rightly proud of the fact. During the banquet hours music was furnished. Euchre and other social games followed the banquet.

The officers installed were: President, Jasper Rockwell; secretary, Irving Rockwell; vice president, Carl Paxton; financial secretary, Russell Metz.

The social committee in charge of the banquet was composed of the following members: Carl Paxton, J. R. Kelley, John Connel, Daniel Davis and Thomas Jenkins.

## VERDICT OF NOT GUILTY IS RETURNED IN PERDEE CASE

A verdict of not guilty was returned this morning in the murder case of the Commonwealth against Edward Perdee, charged with killing William "Skinner" Young at Marianna on November 28. The jury came to an agreement last evening at 8:30 o'clock and presented a sealed verdict to the court this morning. Judge J. F. Taylor's charge to the jury was at some length, he instructing the jury on the law of self defense and suggesting that they return a verdict of this nature if they believed Young's story.

## Laughable High Rollers Coming

The attraction at the Coyle Theatre Saturday night will be the High Rollers Big Burlesque company, who present an up-to-date show in which pretty girls, funny comedians, catchy music and handsome costumes play an important part. Among the principal people are Frank Arthurs, Alvin Martyn, Ursula Gibson, Evelyn Gray, Jeannette Brady; and, as a special added feature, "Cleo," the Sultan's Favorite, will introduce her Classic Dance.

**Lessons in Telegraphy.**

Mrs. A. Dickinson, who has worked for the Western Union for years, recently resigned her position here owing to ill health, but expects to resume work in the spring, will give lessons in telegraphy at her home on Fifth Street from 6 to 9 during the next two months. Terms very low.

None under 15 years need apply. Inquire at 316 Fifth street, between Fallowfield and Washington avenues. 158tf

Miss Agnes Thompson head milliner at Berryman's store, has returned from Cleveland, where she spent the season's vacation.

A number of members of the Charleroi Baptist church are expecting to go to Monessen tonight to attend the rally at the Baptist church there.

## COAL GOES TO BOTTOM OF RIVER

Three barges were sunk and one upset on the dam at Lock No. 5 yesterday morning at about 12:30 o'clock, and coal which they were hauling was consigned to the river's bottom. The loss cannot be estimated at this time, but an effort will be made to recover a part of the coal and will in all probability be successful.

The barges were being towed down stream by the Steamer Clyde, pilot Harry Regan. It is supposed that the barges hit the lock wall, and caused the one to be upset and the others to be sunk. Whether the pilot was to blame or not is a question. Each barge was loaded to the limit with coal from up river mines. It will be impossible to recover any of the coal contained in the barge which was upset on the dam, but rivermen hope to obtain a large part of that in the other three. Dredging will likely be started within a few days.

## Man Who Was for Half a Century a Miner is Dead

P. J. Quinet, 72 years old, died this morning at 5:10 o'clock at his home 627 Washington avenue, after an illness of a week from complaints of old age. The funeral will be held from the late home on Sunday afternoon at 2 o'clock, conducted by Rev. J. E. Charles of the French Presbyterian church. Interment will be in the Charleroi cemetery. The deceased is survived by his wife, sons, August, Charles, Mabel, and Annie; and two sisters, Mrs. P. J. Deprez, and Mrs. J. Laque of Charleroi.

Mr. Quinet has been in Charleroi since last October. He has been for 52 years a miner and from 1886 when he came to this country from Belgium, has been employed in mines in Clearfield county. For two years previous to his removal from the old country he was a mine foreman. Although having lived in Charleroi but a short time, Mr. Quinet made many friends, who learn of his death with regret.

## Departmental Changes Effected in American Window Glass Plant

A change in departments of the American Window Glass company's plants at Belle Vernon and Monongahela has been made effective this week. A. C. Van Hook, boss cutter at Belle Vernon, was transferred to Monongahela, and I. F. Henry, Monongahela, was transferred to Belle Vernon. James Small of Charleroi, clerk for Mr. Henry, will go with him to Belle Vernon and John Kline also of Charleroi will be the clerk for Mr. Van Hook.

**Carried Gun, Got 30 Days.**

Henry Gardner, colored, of Monongahela, admitted in court yesterday that he had put a revolver in his pocket to go across the street. "Next time you go out leave it on the mantel piece," remarked Judge Taylor, as he imposed a fine of \$5 costs and 30 days in jail.

### Sticks to the Pledges.

President Taft may be good natured, but he is also insistent, and when occasion demands he also demonstrates that he is President. He can also play politics with the best of them, but the politics he insists upon is for the benefit of the people and not of the "interests." Those Senators and Congressmen who had trouble with President Roosevelt on that score are also encountering the same sort of obstacles in President Taft. When President Roosevelt roared and wielded the big stick, President Taft smiles and smiles, but he's a villain still—to the "interests."

President Taft insists on the redemption of the party pledges. Elected as a Republican with certain defined public pledges, he insists on redeeming these and keeping faith. A majority of the people declared for these policies and President Taft is there to see them executed. If they are not, the blame will be put where it belongs—upon those Senators and Representatives, who, masquerading as Republicans, are working for private interests. President Taft will stick to the pledges of his party.

### Manager McSwigan

#### Alleges Railroad

#### Has Discriminated

Andrew S. McSwigan, manager of Kenneywood Park, Pittsburgh, yesterday filed a complaint with the State Railroad Commission at Harrisburg regarding alleged excessive fare charged the patrons of that park.

In his complaint McSwigan declares that the Pittsburgh and Lake Erie Railroad carries excursionists 182 miles from Brownsville to Cascade Park, near New Castle, and 196 miles from Brownsville to Rock Point for \$1, and yet for a 94-mile ride to Kenneywood Park they are charged \$1.88. He protests that this is discrimination and should be stopped.

### RELIGIOUS THOUGHT.

Gems Gleaned From the Teachings of All Denominations.

God always goes beyond the expectation of his people in fulfilling his promises.—Rev. J. Henry Haslam, Baptist, Philadelphia.

#### The Great Tradition.

When you assist womanhood you assist the nation. Woman is the foundation of our lives. She is the intermediary between man and all divinity.—Rev. S. Parkes Cadman, Congregationalist, Brooklyn.

#### A New Life.

What is needed is not a new theology, but a new life. The power furnishing that life is to be found in the conscious presence of God in our human lives.—Rev. Leonard A. Barrett Methodist, Cleveland.

#### Winning of Men to God.

We can win men to a love of God, as they see him revealed to us, by sound reasoning, charity, nobleness, unconsciousness of manner and gentility of spirit.—Rev. Dr. Walter Calley, Baptist, Jamaica Plain, Mass.

#### Real Victories.

The victories of the associations are the real victories of the church. Through the triumphs of many members the body is glorified and Jesus Christ, the head, is honored.—Rev. William Horace Day, Congregationalist, Los Angeles, Cal.

#### Church of Ideals.

Religion is the eternal ideal, the everlasting thought, the supreme and abiding love. So the ideal church today must be a church of ideals, and it must make these ideals motive forces in the life of the individual and the life of society.—Rev. Caleb S. S. Dutton, Unitarian, Brooklyn.

#### Completeness of Life.

No life is complete in itself. Only through others do we reach the full measure of life's joy and perfection. We must have other lives to touch our own. We must have other persons whom we may love and into whose souls we may pour our life.—Rev. Dr. Robert Kent, Congregationalist, Brooklyn.

#### Salt Which Seasons All Life.

Religion is no longer a mere matter of ceremony, doctrine or even church going. It is the salt which seasons all life, the leaven which affects all conduct and the light which cheers all hearts, as in the thought of Jesus and Paul it was meant to do. It is larger than any one sect, creed, party or church, and its permanent value lies in the inspiration it affords in a persistent search for God and the highest levels of daily life.—Rev. J. B. Clayton, Baptist, Washington.

#### Spiritual Resurrection.

Christ's cross no longer clings to his shoulders, but rests upon his heart. His suffering will end only when sin ceases. The Christian is one who has experienced a spiritual resurrection. Dormant divinity becomes dominant in him, and he is transformed into a Saviour of the world. He who shares Christ's life will also share his suffering. There is an Easter of the soul. The latent Christ becomes a living Christ in a human heart. Thus the spiritual resurrection continues and completes Calvary.—Rev. G. Wolcott Brooks, Congregationalist, Dorchester, Mass.

#### Facing Death.

When we look upon death as a part of our Father's plan, as a birth in our evolution toward our destiny of godlikeness, then, instead of shrinking from death as from the brink of some horrible abyss into whose awful darkness we are forced to leap, we can approach death with light in our face, with outlook, with uplook, with glorious hope, even as we approach a gateway that opens on hinges of gold to let us out into the larger liberty of the universe into the magnificent citizenship of immortality.—Rev. Dr. John Reid Shannon, Methodist Episcopal, Washington.

#### Our Influence.

Every man has an influence. Contact with every life is either a trip to the mountains or a camp in the desert. All of life has its influence. No action, whether foul or fair, is ever done but it leaves somewhere a record, written by fingers ghostly, as a blessing or a curse. This influence continues when we are gone. Long after we are dead and forgotten our influence lives on to do God's work or the devil's work in the world. We can never recall our influence. Drop a piece of money to the bottom of the sea and bid it rise again to your hand. More easily will it obey your command than will your influence of word or act come back to your side at your call. We are responsible for our influence. God holds a man accountable for every life that the match of his influence has kindled.—Rev. Dr. W. B. Wallace, Baptist, Cleveland, O.

#### Right With God.

To be right with God is the same in earth that it is in heaven, whatever and wherever heaven may be. This is what Jesus meant when he said to Peter, "Whatsoever ye shall bind on earth shall be bound in heaven." This is what we mean when we pray "Thy will be done on earth as it is in heaven." Not that men or any man can dictate to God, but men who obey God will find that God responds alike in earth and in heaven. To live with men and for humanity as Jesus lived when on earth is the surest way to secure a "title clear to mansions in the skies." One who lives right with humanity is living right with the Christian personality whether he has learned to say Christ or not. When any one, gentile or Jew or Christian, loves all humanity as one must love in order to love God the Father with all the heart, to love the name of Jesus the Christ will surely come with proper instructing.—Rev. A. J. Betley, Reformed, Brooklyn.

#### To The Public.

We desire to say that when we took the agency for ZEMO, it was after a thorough investigation as to the merit and curative properties of this remedy for eczema, pimples and dandruff. We frankly admit ZEMO has far exceeded my expectations as a cure for skin disease. We are pleased to state that we shall continue the agency as ZEMO gives the best satisfaction of any similar remedy we have ever sold. My customers like ZEMO because it is a clean, vegetable liquid for external use. ZEMO cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clean and healthy. It does not soil the clothing or linens and can be used freely on infants.

We will give a booklet on skin disease and explain to any person how they can be cured at home of an form of skin or scalp disease by this clean scientific preparation. Piper Bros.

#### A SPIKED MOUNTAIN.

One of the Remarkable Geological Freaks of Mexico.

One of the most remarkable geological freaks in Mexico is a mountain situated on the outskirts of Pachuca which presents the appearance at a distance of being covered with spikes. The sides of the mountain are closely studded with stone columns or pillars. These columns are five to twelve feet long and as large around as an average man's body. It is a remarkable uplift of nature which has the appearance, however, of being the handwork of human beings. One side of the mountain is almost perpendicular, and the stone columns protrude from the surface at right angles, forming an impressive picture.

Pachuca is one of the most noted mining districts in Mexico, and it is said by geologists that this remarkable spiked mountain is out of keeping with the remainder of the formation. It is as hard as flint and has withstood the elements for ages. The spikes form a natural settlement that makes the mountain appear from a distance like some ancient fort. The mines of the Pachuca district are situated not far from this wonderful freak of nature, but the formation encountered in their respective underground workings is of an entirely different kind from that of the pillared outcroppings. —Pachuca (Mexico) Cor. Indianapolis News.

#### Look Up.

The man who always looks down cannot aspire. There is a purpose in our noble aspirations. The unattained beckons us onward. To look up means to lift up. "It is not what man does which exalts him," says Browning, "but what man would do." Our standard will rise higher and higher as we go from strength to strength. Our longings foretell our destiny. We must look down at times to get a clear idea of life's details, but if we wish to see their proper relation to the great issues of life we must look up. If we simply look at our feet, how limited becomes our vision! By lifting up our eyes on high we see the vast arch that spans the heavens. It is then we see with Emerson "what majestic beauties daily wrap us in their bosom," or with Ruskin study "the mystery of distant mountain blue," hear with Tennyson the sea waves break upon "the cold gray stones," or stand entranced with Newton until the stars rise. —Rev. J. W. Roberts, Congregationalist, New York

#### The Banyan Tree.

A regiment of 1,000 men could readily find shelter under a single banyan tree. In India there is one of these trees which has 400 main trunks and over 3,000 smaller ones.

#### AN INTELLIGENT DOG.

What a Clever Collie Did With His Master's Plaid.

The shepherds who live among the hills and on the plains of Scotland have to travel many miles a day while looking after their flocks of sheep, but they would have to travel a great deal more if they had not with them some very clever collie dogs.

These little four footed friends are so wise and clever that their masters could not do without them. To show you how clever these doggies are the following story is told of one of them.

One day a Scotch shepherd was caught in a rain shower, and when he arrived home his plaid, which he wore over his back in place of an overcoat, was quite wet through.

But he just took it off and gave it to his collie dog, and doggie at once went into another room, carrying the plaid in his mouth.

And what do you think he did with it there? Why, to the astonishment of an English gentleman who had followed to watch, doggie went and sat on the hearth in front of a big fire, and there he held out the plaid over his paws.

And he turned it about and about in front of the fire until both sides of the plaid were quite dry. Then he took it back to his master.

#### Walking in New York.

Men walk more rapidly in the streets of New York city than in any other city in the world. The average speed during the business hours, according to the most careful calculations possible, is four and one-tenth miles an hour. After sunset the pace drops nearly one mile an hour. —New York Herald

#### To Sleep Like a Top.

To "sleep like a top" has probably a very different origin from that which appears. "Top" is thought to be a corruption of the French *taupe*, or mole. This interpretation is far more in accordance with the idea usually conveyed—that of a prolonged, undisturbed sleep, like that of a mole in winter rather than the short, enduring so-called "sleep" of a top when it revolves on its axis with a gentle, humming sound.

#### A Defiant Mood.

The proprietor of a Paris cafe noticed that after he had refused to give his pianist an increase of salary the number of his customers dwindled rapidly. It was only when all but one diner had deserted him that he discovered that the pianist had been inflicting Chopin's "Funeral March" on the audience nightly. The pianist, who was proceeding against the law courts and was fined 50 francs, pleaded that he played according to the mood he felt in after his request had been refused.

#### European Hair Schools

In Berlin, Paris, Vienna and other European cities there are now regular schools where the scientific care of the hair is made a special study and the teachers in these schools become as skilled in the knowledge of hair that they can tell merely by the touch whether it is in a healthy condition or not. They also know the effects of different tonics on different hair or different restoratives on the same hair. It is thoroughly established that dyes are harmful to the hair. All preparations claiming to restore gray hair are subjected to the most rigid tests. If found in the least degree harmful the public is informed through official bulletins issued from time to time. In America there is no such censorship, and many preparations claiming to restore gray hair are only temporary dyes that do not go to the root of the trouble, which is impoverishment of the hair glands. HAY'S HAIR HEALTH in this country is recognized as the standard restorative for prematurely gray hair. All good druggists sell it at 50c, and a dollar per bottle, or it can be purchased from the manufacturer, Philo Specialist, Co., Newark, N. J., U. S. A.

A baseball player as superintendent of a factory should make good astonishingly. He naturally would be strong enough to lick any man who wanted to demonstrate a better method of conducting the business.

The Connellsville News suggests that Connellsville, Uniontown, Scottsdale, Greensburg, Charleroi and Monessen should be able to get together in a good baseball league. Thank you, ever so much, but we really do not care to even discuss the proposition.

The queer idea of congratulating a man upon his defeat for office has been brought forth by the Canonsburg Notes, which informs the editor of the Franklin News that he is very fortunate in not being elected to the desired office of mayor. Evidently comparing the job there with a similar kind of position in some other town.

Many people were so much interested in the fight the laboring people and the "higher ups" are having over in England that they didn't even know there was a fight coming off for the lightweight championship of the world on Tuesday night.

#### Over the County.

Several cases of scarlet fever have broken out in Canonsburg, and the school board has established a strict quarantine.

Henry W. Richards, 70 years old, died at his home near Clover Hill Wednesday, February 23. He was a Civil War veteran, and a member of William Horton G. A. R. Post. His wife died several years ago.

Miss Dorcas Allman, 73 years old, died at her home near Clover Hill Wednesday, February 23. She is survived by the following brothers and sisters: Ellis and Mrs. Joseph Sphar of West Pike Run township, Mrs. Jacob Hannen of Coal Center and Mrs. Hannah Holder of Charleroi.

W. G. Penn of Wolfstown, this county, emulated the subject of the song, "Everybody Work But Father." He refused to labor in order to keep meal in the sack, and when his wife turned off the fire where he sat toasting his shins, he is alleged to have pulled a revolver on her. Justice Wonsettler sentenced him to 10 days in jail in lieu of a fine he couldn't pay.

In reply to a query by the State Railroad Commission, the B. and O. Railroad company states it proposes to install a signal system for crossings in the neighborhood of West Alexander. Following a fatal wreck at

that point in January Coroner J. T. Heffran reported a lack of adequate signal service to the State Commission.

The school board at Canonsburg is making an effort to secure the site of the Jefferson Academy dormitory for a new high school building.

An old fashioned spelling bee will be held at the Vanceville school house this evening near Eighty-Four. Songs and readings will also be features.

A pie social will be given at Valley Inn school house March 4.

A meeting of the Washington county Pomona grange will be held in the public meeting room of the court house on next Tuesday, March 1, at 10 o'clock a. m.

The price makers say the day of the \$10 hog is not far distant. At the present rate of price jumping, it is just about a day off.

Up in Beaver the other day they poured a lot of fiery-tinged fluid into the sewers. Bet that looked like useless destruction of property to some imbibers of crow's feet.

### A STARTLING STATEMENT

New York Medical Authorities  
Claim Dyspepsia to be a  
Pre-disposing Cause  
of Consumption.

The post mortem statistics of the big New York hospitals show that some cases of consumption are due, at least indirectly, to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.

Dyspepsia wears out the body and brain. The weakened, irritable stomach being unable to digest food, the body does not receive the required nourishment, and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field in which the germs of disease may lodge and nourish.

Therefore the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind.

Dyspepsia may be completely eradicated if properly treated. We sell a remedy that we positively guarantee will completely relieve indigestion or dyspepsia, or the medicine used during the trial will cost the user nothing.

This remedy has been named Rexall Dyspepsia Tablets. Certainly no offer would be more fair, and our offer should be proof positive that Rexall Dyspepsia Tablets are a dependable remedy.

Inasmuch as the medicine will cost you nothing if it does not benefit you, we urge you who are suffering with indigestion or dyspepsia to try Rexall Dyspepsia Tablets. A 25 cent box contains enough medicine for fifteen days' treatment. For chronic cases we have two larger sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

### Charter Notice.

Notice is hereby given that an application will be made to the Governor of Pennsylvania on Monday, March 14, 1910, by W. H. Weaver, Tom P. Sloan, S. W. ### WAKE UP YOUR COMPLEXION

Here's a Beauty Hint that Every  
Woman Should Consider.

Does your face need waking up? If the crow's feet are coming and the skin looks sallow, wasted or out of condition, in can be quickly restored to its youthful appearance by the use of Crown Cream and the Harlan Beauty Cup.

As is generally known, Crown Cream stands at the head of the list of Massage creams and skin foods, because it actually gives results that no other toilet cream is able to accomplish. This is because it contains certain ingredients that the average manufacturer considers too costly to employ, and others whose qualities are known only to its makers. Crown Cream is best used in connection with the Harlan Beauty Cup as in that manner every use is at once an expert at face massage. The Beauty Cup does more to restore the skin to its youthful condition and vigor, than is possible by hand manipulation. Wrinkles are easily removed, by the simple method of first opening up the skin creases, and then strengthening the skin tissue where it had been folded. Crown Cream is sold everywhere for 50c a jar, and this is also the price of the Beauty Cup. If your dealer is not supplied, either article will be sent directly by Harlan Mfg. Co., Toledo, Ohio. The Crown Cream Beauty Book will also be sent free by the company upon a postal card request. Hennings' Drug store, Fifth and McKean, Charleroi, Pa.

## YOUNG MAN IS CAUGHT IN CRANE

Lott Fisher, aged about 23 years, of near Donora, was killed at Donora this morning shortly after 12 o'clock by being caught by a crane. The young man was employed as an electrician. It is said there was a misunderstanding and when he was on a crane it was started, with the result that he was caught and crushed to death.

Fisher lived with his parents, Mr. and Mrs. A. J. Fisher of Carroll township. He was a brother of Mrs. Holman R. Horn, and nephew of I. N. Kibler of North Charleroi. The body was taken to the Rabe Undertaking rooms in Donora and was to be removed to the home later. He was a well known and popular young man.

## CHARLEROI MAN VIEWS STRIKE IN PHILADELPHIA

William H. Atkins of Berryman's store, who was in New York city this week with John D. Berryman, arranging for the installment of a men's furnishing department in the Berryman store, has returned. Mr. Atkins passed through Philadelphia, and noted the trouble caused by the strike there. He was in the city for part of a day, and what proved to be the worst day, and viewed considerable of the rioting. Mr. Atkins in telling of his experience said:

"When I arrived from New York city at Broad street station, things looked comparatively quiet. Of course I had read of the strike, but took my chances and boarded a car to ride down Market street to a store where I had some business to transact. There was a policeman on each end of the car. Rounding the public building on Market street, we came upon a mob. There was another man in the car with me, and we got off immediately at Eleventh street. The car went on and at Tenth street every window in it was broken, and it was practically destroyed; the mobman, conductor and policeman being chased away. To get to the store I had to walk several blocks, and in going there and returning went a walk of nearly twenty blocks. Later on, while standing watching the rioters in their depredations, I heard shots, learning some time after of the shooting of a boy farther down the street. The policeman could not do anything to check the mob, being a mere handful compared with them. During the strike the stores are doing very little business and suffering is noted on every hand."

## WEATHER MAN SAYS WARMER AFTER TIME OF SEVERE WINTER

This section has been visited during the past two days with some of the coldest weather of the winter, and this morning the thermometer registered nearly as low as it has at any previous period. The official temperature at Lock No. 4 this morning was 10 degrees. On the hill sections however, the mercury crept down to within three of zero. Warmer weather is predicted to follow. At noon today the temperature was about 20 above. In the northern part of the State the thermometer has been doing business down about 12 degrees below all along, and has on many occasions went considerably lower than even that.

**Looking for Games.**  
The Vesta Jr., Baseball club is booking games with all 17 and 18 year old teams in the valley when the season opens. The team is one of the fastest in this section. Games desired with uniformed teams. Address Sill Sweeney, Vesta Ball Club, Allentown, Pa.

**Game Called Off.**  
The game to have been played at the Charleroi rink tonight between the Charleroi Colonials and the Washington Collegians was called off this morning by the manager of the Collegians, who in a telegram to Manager Lance Riggs of the Colonials stated that he could not get enough players together.

**Dessing Pleads Guilty.**  
John Dessing of Charleroi pleaded guilty to surety of the peace at court yesterday. He came home drunk and threatened to kill his wife, Alice Dessing, who had him arrested. As John was penitent the court let him off on payment of the costs.

## INDIVIDUAL EARNINGS MAY COME TO \$125 A WEEK

Chance Opened to Mail and Mirror Contestants That Comes Seldom to Anyone.

**STRIKE WHILE THE IRON IS HOT.**  
But keep the iron hot by striking. It is a time worn adage, containing more truth than poetry, which should be observed by the contestants in the Charleroi Mail and Mirror Great \$1,000 Prize Contest.

The interest in this big contest is becoming more intense each day. Each day many readers of the Mail and Mirror discovered they have a favorite candidate in the contest. Each day more and more friends are becoming interested in the race being made by the various contestants.

**IRON IS HOT.**  
The time is "ripe" for results now. The iron is hot. The contestants should lose no time in "striking" their friends and acquaintances for subscriptions and votes. Everybody in Charleroi and vicinity are willing to help the candidates secure one of the beautiful prizes that will be given away on March 26. But in order to get this assistance, which is there for the taking, the candidates must let their friends know they want it. People are glad to help those that help themselves. If a candidate wishes the "golden apple" they must pick it themselves. And now is the time.

The great special vote offer which is now on will end tomorrow night at 10 p. m. 40,000 with every \$25 turned in, and then those three "competitive ballots." One good for 100,000 another good for 75,000 and a third good for 50,000 votes. They will be awarded to the ones turning in the most cash.

**YOU CAN EARN \$125.00 A WEEK.**  
Have you thought of this? That during the remaining four weeks of the contest you can earn just \$125.00 a week for yourself. That would be pretty nice. Don't you think? Well, you can, if you work. And if you will start out today and call on your friends you will be surprised to see how willingly they will give you their subscription for either the Mail or Mirror. Try it. You can win, if you stick to it.

If you were to win the First Grand Prize in this Great Prize Contest on March 26, you would be earning for yourself just \$125.00 a week; if you were to win the \$400.00 Boston Piano, you would be earning just an even one hundred dollar William, (after the contest is over be able to call him Bill) and then those watches, they are not so valuable, but if you only send your spare time they are certainly worth that. Why haven't you thought of this before? Because you are timid.

Hop to it and get a red nose. The weather is fine, and the people are all in the best of humor; they will help, if you will ask.

## POPULAR CHARLEROI GIRL WNS DONORA MAN

Miss Anna Mary Gerhardt, the daughter of Mr. and Mrs. Robert Carnahan of Charleroi, and John W. James of Donora were married last evening by Rev. A. M. Doak at his residence on Lincoln avenue. The ceremony was performed at 7:30 o'clock being a very quiet affair. The couple left later on a wedding trip and upon their return will for the present take up their residence with the bride's parents.

The bride is a well known young lady of Charleroi and popular among a large circle of acquaintances. The groom is also quite well known here, as well as in Donora.

**Brewery Will Appeal.**

The Star Brewing company of Washington will take an appeal from the findings of Judge McIlvaine at the recent license court, in which five breweries were refused license. All the other breweries withdrew their applications for license in order to take out a State license. The time granted for this action by the county court expired yesterday.

**Alleged Graft Exposures.**

Exposures of alleged graft by the poor directors of Greene county have stirred up the people of that county in a manner almost equal to the late failure of the Farmers and Drovers bank. The expose was first made public by the Washington Record, and the taxpayers are said to be aroused to a high pitch of indignation.

**Held for Court.**

Enough evidence was brought out against Louis Jones and Bruce Stetler, charged with selling liquor illegally at the West Chestnut street restaurant in Washington to warrant holding them for court. Each was held in the sum of \$500. Both waived a hearing of the additional charge of conducting a gambling house.

**Notice to the Public**

## FIVE BIG ACTS FOR COYLE EACH NIGHT

When the Coyle theatre opens its doors next Monday evening local amusement lovers will have an opportunity of seeing probably the best vaudeville show ever seen in this town, and incidentally the Independents will have added another link to their immense chain of high class family theatres.

Prominent among the artists who will appear at the first half of the week are the Omega Trio, who come direct from Orpheum theatre at Cleveland to play this engagement. It is doubtful if any act in vaudeville can eclipse this popular trio in the matter of mirth provoking propensities. Steppe and Salador, a very clever team of singing and talking comedians will present their oddity "Rosenbaum the Soldier." Blanche Mead and her famous collie dog Sparkle and Logan Williams, the well known monologue comedian and the Bartells will also appear. The last named is a team of exceptionally clever English equilibrists and are said to have no equals in their particular line.

The bill for the second half is equally good if one can judge by the prominence of some of the artists. The York-Herbert Trio are the headliners, though there are several acts in the program that could be considered features for any program. This is notably so in the case of Arthur and Jeannette, the well known pantomimic duo. Miss Pearl Evans, the musical comedy star, is another instance. The balance of the program is equally good.

If these are the kind of shows the independents are going to give Charleroi it is safe to assume that they will duplicate the success they have made in other cities.

The opening performance will take place next Monday evening. The price of admission will be ten cents. Three shows will be given each day at 2:30, 7:30 and 9 p. m.

**Boxing.**

One of the most popular glove contests ever held in the Monongahela valley will be between Digger Stanley of Pittsburgh and Eddie Kelley of Philadelphia, on Saturday evening, February 26, at Taggart's Hall, Belle Vernon, Pa., for the feather weight championship of Western Pennsylvania. This contest will be staged by the Keystone Athletic Club. There will be stirring preliminaries by well known boxers. All bouts will be six rounds. Bill Phillips, the popular manager of the Wheeling baseball team of the Central League, will referee all bouts. Show starts at 8:30 p. m. 16211

## NORTH CHARLEROI FIREMEN ENJOY ANNUAL BANQUET

The North Charleroi Volunteer Fire Department held its second annual banquet and installed the newly elected officers last night. The banquet was a most successful affair, being attended by about 50 members of the department and their friends.

The toastmaster was James Hagerly, and he carried through his part in noteworthy style. Special orders did toasts were said, and the work done by the fire department in the past was called to mind. North Charleroi boasts of a fire department, the like of which few boroughs in the country has, and is rightly proud of the fact. During the banquet hours music was furnished. Euchre and other social games followed the banquet.

The officers installed were: President, Jasper Rockwell; secretary, Irving Rockwell; vice president, Carl Paxton; financial secretary, Russel Metz.

The social committee in charge of the banquet was composed of the following members: Carl Paxton, J. R. Kelley, John Connel, Daniel Davis and Thomas Jenkins.

## VERDICT OF NOT GUILTY IS RETURNED IN PERDEE CASE

A verdict of not guilty was returned this morning in the murder case of the Commonwealth against Edward Perdee, charged with killing William "Skinner" Young at Marianna on November 28. The jury came to an agreement last evening at 8:30 o'clock and presented a sealed verdict to the court this morning. Judge J. F. Taylor's charge to the jury was at some length, he instructing the jury on the law of self defense and suggesting that they return a verdict of this nature if they believed Young's story.

## Laughable High Rollers Coming

The attraction at the Coyle Theatre Saturday night will be the High Rollers Big Burlesque company, who present an up-to-date show in which pretty girls, funny comedians, catchy music and handsome costumes play an important part. Among the principal people are Frank Arthurs, Alvin Martyn, Ursula Gibson, Evelyn Gray, Jeannette Brady; and, as a special added feature, "Cleo," the Sultan's Favorite, will introduce her Classic Dance.

**Lessons in Telegraphy.**

Mrs. A. Dickinson, who has worked for the Western Union for years, recently resigned her position here owing to ill health, but expects to resume work in the spring, will give lessons in telegraphy at her home on Fifth Street from 6 to 9 during the next two months. Terms very low.

None under 15 years need apply. Inquire at 316 Fifth street, between Fallowfield and Washington avenues. 16216

Miss Agnes Thompson head milliner at Berryman's store, has returned from Cleveland, where she spent the season's vacation.

A number of members of the Charleroi Baptist church are expecting to go to Monessen tonight to attend the rally at the Baptist church there.

## COAL GOES TO BOTTOM OF RIVER

Three barges were sunk and one upset on the dam at Lock No. 5 yesterday morning at about 12:30 o'clock, and coal which they were hauling was consigned to the river's bottom. The loss cannot be estimated at this time, but an effort will be made to recover a part of the coal and will in all probability be successful.

The barges were being towed down stream by the Steamer Clyde, pilot Harry Regan. It is supposed that the barges hit the lock wall, and caused the one to be upset and the others to be sunk. Whether the pilot was to blame or not is a question. Each barge was loaded to the limit with coal from up river mines.

It will be impossible to recover any of the coal contained in the barge which was upset on the dam, but rivermen hope to obtain a large part of that in the other three. Dredging will likely be started within a few days.

## Man Who Was for Half a Century a Miner is Dead

P. J. Quinet, 72 years old, died this morning at 5:10 o'clock at his home 627 Washington avenue, after an illness of a week from complaints of old age. The funeral will be held from the late home on Sunday afternoon at 2 o'clock, conducted by Rev. J. E. Charles of the French Presbyterian church. Interment will be in the Charleroi cemetery. The deceased is survived by his wife, sons, August, Charles, Mabel, and Amie; and two sisters, Mrs. P. J. Deprez, and Mrs. J. Laque of Charleroi.

Mr. Quinet has been in Charleroi since last October. He has been for 52 years a miner and from 1886 when he came to this country from Belgium, has been employed in mines in Clearfield county. For two years previous to his removal from the old country he was a mine foreman. Although having lived in Charleroi but a short time, Mr. Quinet made many friends, who learn of his death with regret.

## Departmental Changes Effected in American Window Glass Plant

A change in departments of the American Window Glass company's plants at Belle Vernon and Monongahela has been made effective this week. A. C. Van Hook, boss cutter at Belle Vernon, was transferred to Monongahela, and I. F. Henry, Monongahela, was transferred to Belle Vernon. James Small of Charleroi, clerk for Mr. Henry, will go with him to Belle Vernon and John Kline also of Charleroi will be the clerk for Mr. Van Hook.

**Carried Gun, Got 30 Days.**

Henry Gardner, colored, of Monongahela, admitted in court yesterday that he had put a revolver in his pocket to go across the street. "Next time you go out leave it on the mantel piece," remarked Judge Taylor, as he imposed a fine of \$5 costs and 30 days in jail.

## Sticks to the Pledges.

President Taft may be good natured, but he is also insistent, and when occasion demands he also demonstrates that he is President. He can also play politics with the best of them, but the politics he insists upon is for the benefit of the people and not of the "interests." Those Senators and Congressmen who had trouble with President Roosevelt on that score are also encountering the same sort of obstacles in President Taft. When President Roosevelt roared and wielded the big stick, President Taft smiles and smiles, but he's a villain still—to the "interests."

President Taft insists on the redemption of the party pledges. Elected as a Republican with certain defined public pledges, he insists on redeeming these and keeping faith. A majority of the people declared for these policies and President Taft is there to see them executed. If they are not, the blame will be put where it belongs—upon those Senators and Representatives, who, masquerading as Republicans, are working for private interests. President Taft will stick to the pledges of his party.

## Manager McSwigan Alleges Railroad Has Discriminated

Andrew S. McSwigan, manager of Kennywood Park, Pittsburgh, yesterday filed a complaint with the State Railroad Commission at Harrisburg regarding alleged excessive fare charged the patrons of that park. In his complaint McSwigan declares that the Pittsburgh and Lake Erie Railroad carries excursionists 182 miles from Brownsville to Cascade Park, near New Castle, and 196 miles from Brownsville to Rock Point for \$1, and yet for a 94-mile ride to Kennywood Park they are charged \$1.88. He protests that this is discrimination and should be stopped.

### To The Public.

We desire to say that when we took the agency for ZEMO, it was after a thorough investigation as to the merit and curative properties of this remedy for eczema, pimples and dandruff. We frankly admit ZEMO has far exceeded my expectations as a cure for skin disease. We are pleased to state that we shall continue the agency as ZEMO gives the best satisfaction of any similar remedy we have ever sold. My customers like ZEMO because it is a clean, vegetable liquid for external use. ZEMO cures by drawing to the surface of the skin and destroying the germ life that causes the disease, leaving the skin clean and healthy. It does not soil the clothing or linens and can be used freely on infants. We will give a booklet on skin disease and explain to any person how they can be cured at home of an form of skin or scalp disease by this clean scientific preparation. Piper Bros.

### A SPIKED MOUNTAIN.

One of the Remarkable Geological Franks of Mexico.

One of the most remarkable geological freaks in Mexico is a mountain situated on the outskirts of Pachuca which presents the appearance at a distance of being covered with spikes. The sides of the mountain are closely studded with stone columns or pinnacles. These columns are five to twelve feet long and as large around as an average man's body. It is a remarkable uplift of nature which has the appearance, however, of being the handiwork of human beings. One side of the mountain is almost perpendicular, and the stone columns protrude from the surface at right angles, forming an impressive picture.

Pachuca is one of the most noted mining districts in Mexico, and it is said by geologists that this remarkable spiked mountain is out of keeping with the remainder of the formation of the mineralized region. The stone is as hard as flint and has withstood the elements for ages. The spikes form a natural settlement that makes the mountain appear from a distance like some ancient fort. The mines of the Pachuca district are situated not far from this wonderful freak of nature, but the formation encountered in their respective underground workings is of an entirely different kind from that of the palisade outcroppings—Pachuca (Mexico) Cor. Indianapolis News.

### Look Up.

The man who always looks down cannot aspire. There is a purpose in our noble aspirations. The unattained beckons us onward. To look up means to lift up. "Tis not what man does which exalts him," says Browning, "but what man would do." Our standard will rise higher and higher as we go from strength to strength. Our longings foretell our destiny. We must look down at times to get a clear idea of life's details, but if we wish to see their proper relation to the great issues of life we must look up. If we simply look at our feet, how limited becomes our vision! By lifting up our eyes on high we see the vast arch that spans the heavens. It is then we see with Emerson "what majestic beauties daily wrap us in their bosom," or with Ruskin study "the mystery of distant mountain blue," hear with Tennyson the sea waves break upon "the cold gray stones" or stand entranced with Newton until the stars rise.—Rev. J. W. Roberts, Congregationalist, New York.

### The Banyan Tree.

A regiment of 1,000 men could readily find shelter under a single banyan tree. In India there is one of these trees which has 400 main trunks and over 5,000 smaller ones.

### AN INTELLIGENT DOG.

What a Clever Collie Did With His Master's Plaid.

The shepherds who live among the hills and on the plains of Scotland have to travel many a day while looking after their flocks of sheep, but they would have to travel a great deal more if they had not with them some very clever collie dogs.

These little four footed friends are so wise and clever that their masters could not do without them. To show you how clever these doggies are the following story is told of one of them.

One day a Scotch shepherd was caught in a rain shower, and when he arrived home his plaid, which he wore over his back in place of an overcoat, was quite wet through.

But he just took it off and gave it to his collie dog, and doggie at once went into another room, carrying the plaid in his mouth.

And what do you think he did with it there? Why, to the astonishment of an English gentleman who had followed to watch, doggie went and sat on the hearth in front of a big fire, and there he held out the plaid over his paws.

And he turned it about and about in front of the fire until both sides of the plaid were quite dry. Then he took it back to his master.

### Walking in New York.

Men walk more rapidly in the streets of New York city than in any other city in the world. The average speed during the business hours, according to the most careful calculations possible, is four and one-tenth miles an hour. After sunset the pace drops nearly one mile an hour.—New York Herald.

### To Sleep Like a Top.

To "sleep like a top" has probably a very different origin from that which appears. "Top" is thought to be a corruption of the French coupe, or wale. This interpretation is far more in accordance with the idea usually conveyed—that of a prolonged, undisturbed sleep like that of a mole in winter rather than the short, enduring so called "sleep" of a top when it revolves on its axis with a gentle, humming sound.

### A Defiant Mood.

The proprietor of a Paris cafe noticed that after he had refused to give his pianist an increase of salary the number of his customers dwindled rapidly. It was only when all but one diner had deserted him that he discovered that the pianist had been inflicting Chopin's "Funeral March" on the audience nightly. The pianist, who was proceeded against in the law courts and was fined 50 francs, pleaded that he played according to the mood he felt in after his request had been refused.

### European Hair Schools

In Berlin, Paris, Vienna and other European cities there are now regular schools where the scientific care of the hair is made a special study and the teachers in these schools become so skilled in the knowledge of hair that they can tell merely by the touch whether it is in a healthier condition or not. They also know the effects of different tonics on different hair or different restoratives on the same hair. It is thoroughly established that dyes are harmful to the hair. All preparations claiming to restore gray hair are subjected to the most rigid tests. If found in the least degree harmful the public is informed through official bulletins issued from time to time. In America there is no such censorship, and many preparations claiming to restore gray hair are only temporary dyes that do not go to the root of the trouble, which is impoverishment of the hair glands. HAY'S HAIR HEALTH in this country is recognized as the standard restorative for prematurely gray hair. All good druggists sell it at 50c, and a dollar per bottle, or it can be purchased from the manufacturer, Philo Specialist, Co., Newark, N. J., U. S. A.

A baseball player as superintendent of a factory should make good astonishingly. He naturally would be strong enough to lick any man who wanted to demonstrate a better method of conducting the business.

The Connellsville News suggests that Connellsville, Uniontown, Scottsdale, Greensburg, Charleroi and Monessen should be able to get together in a good baseball league. Thank you, ever so much, but we really do not care to even discuss the proposition.

The queer idea of congratulating a man upon his defeat for office has been brought forth by the Canonsburg Notes, which informs the editor of the Franklin News that he is very fortunate in not being elected to the desired office of mayor. Miss Dorcas Allman, 73 years old, died at her home near Clover Hill Wednesday, February 23. She is survived by the following brothers and sisters: Ellis and Mrs. Joseph Sphar of West Pike Run township. Mrs. Jacob Hanner of Coal Center and Mrs. Hannah Holder of Charleroi.

W. G. Pease of Wolfstown, this county, emulated the subject of the song, "Everybody Work But Father." He refused to labor in order to keep meal in the sack, and when his wife turned off the fire where he sat toasting his shins, he is alleged to have pulled a revolver on her. Justice Womsettler sentenced him to 10 days in jail in lieu of a fine he couldn't pay.

### A STARTLING STATEMENT

New York Medical Authorities  
Claim Dyspepsia to be a  
Pre-disposing Cause  
of Consumption.

The post mortem statistics of the big New York hospitals show that some cases of consumption are due, at least indirectly, to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.

Dyspepsia wears out the body and brain. The weakened, irritable stomach being unable to digest food, the body does not receive the required nourishment, and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field in which the germs of disease may lodge and flourish.

Therefore the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind.

Dyspepsia may be completely eradicated if properly treated. We sell a remedy that we positively guarantee will completely relieve indigestion or dyspepsia, or the medicine used during the trial will cost the user nothing.

This remedy has been named Rexall Dyspepsia Tablets. Certainly no offer would be more fair, and our offer should be proof positive that Rexall Dyspepsia Tablets are a dependable remedy.

Inasmuch as the medicine will cost you nothing if it does not benefit you, we urge you who are suffering with indigestion or dyspepsia to try Rexall Dyspepsia Tablets. A 25 cent box contains enough medicine for fifteen days' treatment. For chronic cases we have two larger sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

### WAKE UP YOUR COMPLEXION

Here's a Beauty Hint that Every  
Woman Should Consider

Does your face need waking up? If the crow's feet are coming and the skin looks sallow, wasted or out of condition, it can be quickly restored to its youthful appearance by the use of Crown Cream—and the Harlan Beauty Cup.

As is generally known, Crown Cream stands at the head of the list of Massage creams and skin foods, because it actually gives results that no other toilet cream is able to accomplish. This is because it contains certain ingredients that the average manufacturer considers too costly to employ, and others whose qualities are known only to its makers. Crown Cream is best used in connection with the Harlan Beauty Cup as in that manner every use is at once an expert at face massage. The Beauty Cup does more to restore the skin to its youthful condition and vigor, than is possible by hand manipulation. Wrinkles are easily removed, by the simple method of first opening up the skin creases, and then strengthening the skin tissue where it had been folded. Crown Cream is sold everywhere for 50c a jar, and this is also the price of the Beauty Cup. If your dealer is not supplied, either article will be sent directly by Harlan Mfg. Co., Toledo, Ohio. The Crown Cream Beauty Book will also be sent free by the company upon a postal card request. Hennings' Drug store, Fifth and McKean, Charleroi, Pa.
